## Editor's Mission

**Mr Ragahava Varma Raja**  
Asst GM (Media &Marketing)

Greetings to all

It is with overwhelming pleasure I submit the maiden news bulletin "HAPBCO AHEAD in front of you. A long cherished desire of CMD has at last come to light.

The task of HAPBCO to fulfill the aspirations of the organisations is great. The achievement comes with wholehearted efforts of the team at individual project sites. Marinating the schedule of constructions with quality and safety is HAPBCO's policy. HAPBCO continues its efforts and extents gratitude to all associates and colleagues.

I remember with proud and gratitude for all fellow members for strengthening my hands in the venture of "HAPBCO AHEAD". The spirit of one team as a whole made this venture a great success. HAPBCO stands for the team that makes the projects most success. We are poised for great leaps of achievements though the vision of former Chairman Hajee A.P. Bava. Still his presence is felt and his blessings and hard work for client satisfaction leads us.

We will come definitely with elaborate reports of the progress in future and will keep the spirit of late Bava sir in all our efforts.

## From the Desk of CMD

**A.P.ABDUL KAREEM**  
CHAIRAMAN & MANAGING DIRECTOR

*I* deeply owe to my father, Hajee A. P. Bava, the founder of our organization and thanks to god who has bestowed with his blessings for all the developments and strides of the company to the present stage. He parted us and his initiations, care, consideration and affection to us is the mighty strength and we set our promises and pledges for his aim of developing one among the leading construction group in the nation spreading the wings to international level.

The international quality and craftsmanship will be our aim to fulfill the satisfaction of our clients. We will deem "safety" in our prime consideration avoiding time loss, property loss and money loss.

We are looking for new ventures in the fields of power, steel and other core industries apart from our developments in cement. We wish to expand and concentrate from all corners of the nation by opening new regional offices at Hyderabad, Bhubaneswar. The north eastern belt will be concentrated from Udaipur and southern side from Chaliyam and Bangalore. The central, western and eastern side will be keenly watched from RO Hyderabad and Bhubaneswar.

We also wish to concentrate on "maintenance" of the running projects as timely repair and maintenance will lessen time loss and production loss. Our expert strength of technicians and craftsman will deliver the day to day maintenance of the production units. The job has been entrusted to Mr. Monicavasagam, Asst Vice President and he is planning and managing the maintenance jobs from our RO Hyderabad.

I wish and take the opportunity to thank all of our colleagues for their hardships in developing the concern and to the manufactures for trusting us for their assignments in the projects.

Hope the New Year brings more strength and growth to us.

Jaihind

## Message from President & Business Head

**R. VijayaKumar**  
(President & Business Head)

Since assuming as the forefront runner for the organization, my experiences are great and I feel proud and thrilled about my office. I am highly grateful to the colleagues for their whole hearted support in developing the organization trustworthy among the leading patrons in domestic as well as international.

Now, the paramount objective of the company is to meet the challenges ahead and perform excellently to keep the flag in mountain of the Engineering Constructional hierarchy.

We are committed to needs of the nation and pledge to march for developments that make "India Shining". Our development is nation development. Safety and quality are prime area we concentrate. Specializing in Engineering Management we deliver projects that are sustainable and strategic for all facets of mechanical construction. We pride ourselves on a collaborative approach, our work is unique and our people committed. We work for mutually beneficial results for both client and community. We negotiate an outcome that works for everyone - on time, quality and within budget. Our Project Managers work on a consultative and project basis.

We consider our vital position for the clients' satisfaction. Our New Year pledge is to build and handover the esteemed projects timely and profitably. I and our entire colleagues promise for all harmony for the better tomorrow.

## My Associations

### **Mr. P S Nair**

Senior Vice President RO Udaipur

Mr. P. Sukumaran Nair joined the company in 1975 and started very humble as an Assist. Store Keeper at Talcher Fertilizer Project in Orissa. At the very young age of 17 years, he was most enthusiastic and hard working. Within short period, he was promoted as a site supervisor and in a short span of time he was assigned as a co-coordinator for Rajasthan sites. Under his leadership the Regional Office at Udaipur started functioning and he manages the sites through this office. Now he is Vice President, leading the area that produces best results for the company.

Dear Colleagues

I feel extreme proud and utmost satisfaction with Bava Sir for having more than three decade's association with him. I was very young and at the teenage met Bava Sir at Talcher for the gigantic construction jobs of Fertiliser and Heavy Water Projects in Orissa. Whatever I achieved in my life is what Bava Sir taught me.

I remember those days in seventies where rigging work of the company was watched by foreign experts and engineering staff in surprise. There was no word to the project head of FCI to praise our jobs. Bava Sir stood at site form the dawn of the day to late hours of sometimes to wee hours of next day's dawn. He managed the heavy lifting and erection of equipments weighting more than 200 Mts. The feather in his working style without any undue incident or accidents is his basic qualities for a mechanical contractor should posses.

He gave me more assignments and developed to manage more than ten project sites at a time. Now with his grace I cover the entire northern region from Udaipur.

With his loving memory I thank the entire team for the march towards to the present stage. I have much gratitude towards the leading clients who has shown great confidence on me and my team bringing HAPBCO client friendly.

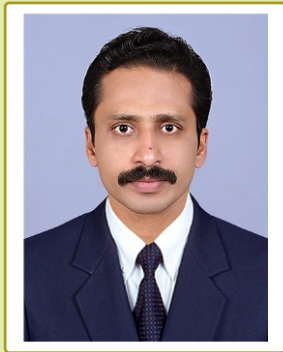

I promise that our team is committed for the growth for better results from the region in the ensuing future also.

## Director Board

**A.P.ABDUL KAREEM**  
CHAIRMAN & MANAGING DIRECTOR

**A.P.ABDUL AZEEZ**  
DIRECTOR

**A.P.ABDUL LATHEEF**  
DIRECTOR

**A.P.AZHARUDHEEN**  
DIRECTOR

## Vision of Late Chairman

### **JANAB HAJI A.P.BAVA**

(21<sup>st</sup> Aug 1930- 27<sup>th</sup> Sept 2010)

From humble beginning in early fifties Janab Hajee A.P. Bava started his construction jobs with a gang of few riggers and khalasis and carried the company to the present envinous position- a leading engineering company in the country.

The secret behind the growth was his commitment for fulfilling the assigned job in quality, safety and time bound. He has taken every job works very seriously and fulfilled the expectation of not only the clients but also to his associates.

The growth of his company is directly linked with his "Simplicity, Forgiveness, Kindheartedness, affection and love". His ambition was to bring the fame to company along with all from Helper to the President. His loss will never fulfill, but his aim of updating the company will continue in all respects. In Cement A.P. Bava is the only name to reckon with. The confidence of cement manufacturers are very high with HAPBCO. He has proved his mettle not only in Indian market but also in Middle East and African countries.

He keeps away all his personal and domestic affairs at bay and concentrates seriously on project jobs. The clients know that by issuing an order their ambition is fulfilled. The involvement got him respect and fame among the industry.

The present CMD Abdul Kareem following the path of his hard work leads the company professionally too. The vision of Bava Sahib will never die away but will be lighted through years.

Glorious tributes to former beloved Chairman

*"Leads us from eternity with all his blessings"*

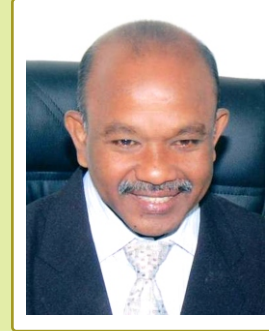

## HAPBCO Senior Officials

**Mr Sukumaran Meer**  
Asst.General Manager (Planning)

**Mr Ragahava Varma Raja**  
Asst General Manager (M&M)

**Mr .M.K.Hanif**  
Asst General Manager (Admin)

## Safety Policy & Pledge

Safety is one of the topmost concerns in the engineering construction. Now-a-days project schedule are hectic with an objective of completing the projects before schedule. This involves risk and affects quality of job. But, we with our specialized team having vast experiences of

handling busy schedules meet the targets and attain results on the safer ways. Normally, experience in handling critical jobs visualizes the risk and make measures to avoid it. We maintain a unique position and the "feather of safest people" in construction engineering.

Safety is not made by a day; it is routine and part of the jobs. It involves severe training and we adhere all newest methods in handling the projects.

On assignment of the job, we look safety and execute enviously. Our measures minimizes the risk, saves money and property. We obey the environmental and hygienic policy to projects' success and achieve reputation for our clients too.

We, entire team pledge to work unperturbed, cool and quiet for the well being of the society.

"We now have unshakable conviction that accident causes are

Man-made and that a man made problem can be solved by men and women"

This award was given by our Hon'ble Proprietor (Late) Bava Sir, to Mr. T.A.K. Kuty towards the Best Safety System was provided at our GALLANT METAL LTD., Site Samakhlyali, Bacchau, Kutch (Dist), Gujarat.

## HAPBCO's Unique Technique in Rigging

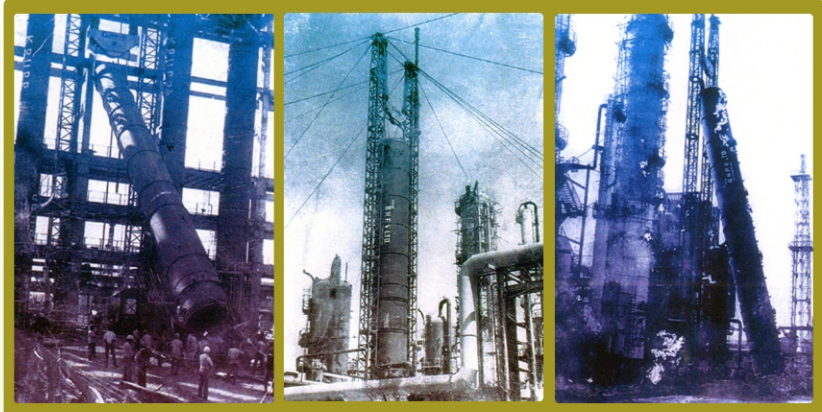

Rigging work in mechanical engineering is a crucial branch in construction jobs. HAPBCO has its own specialty which is routed from Beypore Chaliyam in Calicut, Kerala from ancient times, the conventional method of construction of "Uru" (Big Boats).

The shipbuilding yard at Beypore is famous for its traditional construction of the Uru or the Arabian trading vessel. This tradition of shipbuilding is nearly 1,500 years old, and the craftsmanship of the workers here is exceptional. It is an amazing aspect if one is to observe the manner in which the Uru takes shape with minimum sophistication in production.

The conventional rigging job in the area is known as "Kammalippani". The word "Khalasi" is of Arabic origin now forms part of the Malayalam and Hindi languages also. The Arabic root of Khalasi is "Khalas" which means "release" or "relief". When several technique of contemporary engineering supported by massive machinery were struggling in vain the conventional method of Chaliyam Khalasis release ease.

HAPBCO proudly with the strength of Khalasis from this area still applies its unique technique in several critical erections in the plants.

The techniques used with wooden winches for releasing big boats to sea and pulling back from sea to shore have been transferred into construction for making "Jugads" and alternate arrangements enabling critical and crucial erections of equipments which may not be possible with modern cranes and such major tools. Making use of Wire Ropes, Pulleys, Chain Pulley Blocks, Derricks HAPBCO promotes the self made techniques to perform successfully.

## Regional Offices

### Udaipur (Raj)

In order to cater the customer requirements the first Regional Office was started way back 15 years. The region is managed by Mr. P.S. Nair, Vice President and a team of 300 engineers and supervisors. North east India is covered by the region.

Major Projects works going on are M/s. Prism Cement Limited, Satna, M.P., M/s. Aditya cement Limited, Shabhuppura, Rajasthan; M/s. Birla cement Corporation, Chithiorgarh, Rajasthan; M/s. ABG Cements, Surat,

Gujarat; M/s. Jaypee Super cements, Dalla, U.P and J.K. Cements Limited, Sirohi, Rajasthan; M/s. Bhushan Steel Limited, Jharsuguda, Orissa and Bhushan Steel & Strips Limited, Angul, Orissa..

The team manages in fulfilling the clients demands in project works and maintains good rapport.

### Hyderabad(A.P)

The Regional Office at Hyderabad was the newly added infra structure to improve sales and clients' concentration. The region is inaugurated on 21.11.2010 and looks after maintenance jobs for the following projects.

Sagar cements, Mattampally; Keerthi cements, Mellacheru; Zuari cements, Dondapadu; .Nagarjuna cements, Mattapally; Priya cements(Rain I) , Ramapuram; Rain II, Sreepuram, Kurnool; Parasakhthi cements, Chatrasala; Chanakya Penna cements, Ganeshpahad; India cements, Raassi, Wadapalli; India cements, Chilamkur; Bharati cements, Line I & II, Yerrakuntla; 11.Penna cements, Tadipatri Unit I and II; And India cements, Thandur.

Main project works are for CCCL, Kallur, Jaypee Balaji, Jaggayyapet.

Maximum concentration under the leadership of Mr. Monicavasagam AVP is done to meet the targets of the clients by attending maintenance and shutdown jobs. A well experience team of technicians and supervisors with sufficient skilled workers are attending the jobs for quality and safer out puts. The management is keenly concentrating through the office for better customer satisfaction.

In this forward marching we shall ensure safety, quality and we provide our advanced technology, dedication and sincerity.

## Bhubaneswar( Orissa)

### Mr. Arakkal Mohammad

Regional Manager (RO Orissa)

Arakkal Mohammad with his more than twenty years service has proved his caliber and shown that he can assign two or more projects at a time. Now as Regional Manager at our Bhubaneswar he is able to achieve considerable growth to the company. His coordination with clients is extra ordinary and acceptable by them. His execution in projects and administration of leading the region is superb.

The Bhubaneswar Regional Office assigns a key role in catering the eastern belt. Under Mr. Arakkal Mohammed, 150 more staff are engaged in Cement and steel Projects.

During 2010-11 the Zone has bagged a number of Orders from some reputed industrial houses of eastern India and in last quarter of 2010 and 1st quarter of 2011 we have started execution of all projects.

The region has successfully erected 115 MT Kiln base frame at JSPL, Angul for their Lime & Dolomite Plant. Ranchi based ABHIJEET GROUP is implementing an integrated Steel production complex at Sareikela-Kharsuan 40 km distant from TATA. M/s RML, a constituent entity of Rashmi Group in its expansion spree is establishing a .6MTPA Pellet Plant and 33 sq.mtr Sinter plant adjacent to its existing steel plant in Gokulpur, Kharagpur, West Bengal and we have bagged orders for fabrication and erection of substantial quantity in both the plants and revised orders for Fabrication & Erection of TG Building.

M/s Super Smelter Ltd at Jamuria Industrial Estate, Asansole, West Bengal, the Company has awarded with 2nd phase order for fabrication and erection work of DRI and Power. Monnet Group, New Delhi is establishing a 1.2 million ton SMS, rolling mill, slab caster, bloom caster project at Raigarh where we have bagged a prestigious order for fabrication and erection work.

In our Endeavour to ensure Units for easy access to Management, the region have established a well equipped Regional Office at Bhubaneswar in the month of December 2010 and gradually streamlining the activities of the Unit- functioning under the Region to give it a professional shape.

Mr. Arakkal Mohammed's involvement in leading the region makes the region praiseworthy. He and his team show great enthusiasm and hard work in high coordination with clients. This office will cater the business needs of East-Central India. This expansion of new operation by HAPBCO will definitely concentrate for improving the HAPBCO style. We pledge to meet the necessities of the construction organizations at all times.

## Project Execution Report of Hajee A.P. Bava & Company Constructions (Pvt.) Limited

**Mr K.V Premnathan**  
Asst Vice President(Proj)

Hajee A.P. Bava & Co. Constructions (Pvt.) Ltd. was incorporated under the companies act on 12th March, 2008 with Registered Office at Kalyan Housing society, RPC Lay out, Bangalore 40. Under the Chairmanship of Hajee A.P. Bava; Mr. A.P. Abdul Kareem Managing Director and Directors Mr. A.P. Abdul Azeez and Mr. A.P. Abdul Latheef Company under the patron ship of Hajee A.P. Bava & Company started the maiden project work for Jaypraksh Associates Limited, New Delhi. The total scope of work was 6000 MT of fabrication and 16,000 MT of erection that includes India's largest KILN 96 mtr long \* 6 mtr dia, RAW MILL, BAG HOUSE, BLENDING SILO, ROTARY KILN & TA DUCT, CLINKER COOLER ESP, L.S. CRUSHER, L.S, STACKER RECLAIMER AND DRIVES for their Jaypee Balaji Cements, Jaggayypet, Andhra Pradesh.

The Project work is almost completed and the company was able to earn a very good name in Jaypee circle resulting to attain project works for cement project of Jaypee Super cements Ltd, Dalla, UP; Power project of Jaypee Sidhi cements Limited, Bharathpur, MP and Power project of Jaypee industrial complex at Churk, UP. The group has also agreed to appoint the company for their new 6000TPD cement project works at Shahabad, Gulbarga, Karnataka.

ABG Cement Limited, Mumbai has entrusted the Mechanical Fabrication and erection works for their 10,000 TPD plant at Kutch and Split Grinding Unit at ABG Surat, both in Gujarat state. Both works are in progress.

Penna Group of Companies has started their maiden Aluminum plant, Anrak Aluminum Limited at Makkavarapalam, Vishakhapatnam and the project works are under progress. The group has additionally awarded us huge qty of quality pipe line fabrication and erection jobs also.

The initial strides made by the private limited company have made good rapport among the leading clients and HAPBCO is committed for gains in the constructions field in the ensuing time also.

## Major Ongoing Projects

SI No	Client Name	Location	Description of Job	Capacity
1	Jay Pee Associates Ltd	Balajee Cement, eggayyapet, A.P	Fabrication & Erection & Commissioning	12000 TPD
2	ABG Cement Limited	Kutch, Bhuj, Gujarat	Fabrication & Erection & Commissioning	10000 TPD
3	Prism Cement Limited	Satna, Madhya Pradesh	Fabrication & Erection & Commissioning	7200 TPD
4	Jey Pee Sidhe Cement Plant (CPP)	Sidhee, MP	Fabrication & Erection & Commissioning	2x60 MW
5	Jay Pee Super Cement	Dallah, Kotta, U.P	Erection & Commissioning	6000 TPD
6	Jindal Steel & Power Limited	Angul, Orissa	Fabrication & Structural Erection & Commissioning	5500 TPD
7	Anrak Aluminum Limited	Visakapatnam, A.P	Fabrication & erection of Equipment & piping Works	1.5 MTPA
8	Monnet Ispat Limited	Raigarh, Chattisgarh	Fabrication & Erection & Commissioning	1.2 Million MTPA
9	Chettinad Cement Corp. Ltd.	Karikkaly, Dindigal Tamilnadu.	Fabrication & Erection & Commissioning	4000 TPD
10	Chettinad Cement Corp. Ltd.	Kallur Works, Gulbarga, Karnataka	Fabrication & Erection & Commissioning	6000 TPD

## Major Ongoing Maintenance Projects

SI No	Client Name	Location	Description of Job	Capacity
1	Bharathy Cement Corp. Ltd. Line 01	Cuddappah, Andhra Pradesh		4500 TPD
2	Rain Industries Limited	Unit I, Nalgonda, Andhra Pradesh.		2500 TPD
3	Rain Industries Limited	Unit II, Sreepuram, Kurnool (A.P.)		3800 TPD
4	Parasakthi Cement Ltd	Guntur, A.P		2.5 MTPA
5	Sagar Cement Ltd	Mattampally, Andhra Pradesh		4500 TPD
6	Keerthi Industries Ltd	Nalgonda, Andhra Pradesh		1800 TPD
7	Penna Industries Limited	Unit I, Talaricheruvu (V), Tadapatri, A.P		3000 TPD
8	Penna Industries Limited	UNIT II, Boyaredypally, Ananatapur, A.P		3000 TPD
9	Penna Industries Limited	Nalgonda, Andhra Pradesh		3000 TPD
10	India Cements Limited	Chilankur, Yerraguntala, Cuddapah dist, A. P		4400 TPD

## Major Completed Projects

Sl No	Client Name	Location	Description of Job	Capacity
1	ACC Limited.	Wadi Cement Works, Gulbarga, Karnataka	Fabrication & Erection & Commissioning	10000 TPD
2	ACC Limited.	Chanda Cement Works, Chanda, Maharashtra	Fabrication & Erection & Commissioning	7200 TPD
3.	ACC Limited	Kolar Cement Works, Kolar, Karnataka	Fabrication & Erection & Commissioning	4000 TPD
4	Chettinad Cement Corporation Ltd	Ariyallur Line 01 & II, Ariyallur , Tamilnadu	Fabrication & Erection & Commissioning	5000 TPD (Each)
5	UltraTech Cement Limited.	APCW, Bhogasamudram, Tadapatri (AP)	Fabrication & Erection & Commissioning	10000 TPD
6	Aditya Cement Ltd	Shambupura , Rajasthan	Fabrication & Erection & Commissioning	10000 TPD
7	MGM Steel Ltd	Dhankanal , Orissa	Fabrication & Erection & Commissioning	350 TPD
8	Super Smelter Ltd	Jamuraia, West Bangal	Fabrication & Erection & Commissioning	300 TPD
9	Jindal Steel & Power ltd	Barbil, Orissa	Fabrication & Erection & Commissioning	4.5 MTPA
10	Visa Steel Ltd	Cuttack, Orissa	Fabrication & Erection & Commissioning	2x500 TPD

## HAPBCO's forefront sprinters who has completed two decades and above services

A company's strength is the forefront runners who lead the organization putting their efforts sincerely and honestly. The hard work of the seniors can be never discarded and their contribution cannot be praised merely by words. HAPBCO proudly enlists the people, the senior staff who has contributed and brought the company in the present level. HAPBCO congratulates and wishes all to perform at their best in future also.

### **Mr P.Moideen Koya**

Joint General Manager

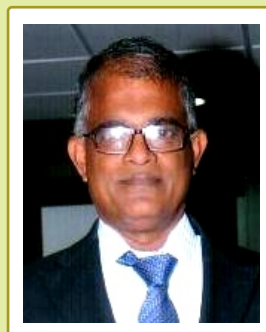

Mr. P. Moideen Koya, Joint General Manager (Finance) shows an enthusiasm which can be imitated by anybody. The involvements in managing finance and statutory is great. He extends all helping hand in solving any problems that faces the company.

### **Mr. Kalyanasundaram**

Auditor

The auditor of the company for more than two decades makes Mr. Kalyansundaram an integral part of the organization. He with his capacity has proved solving many financial problems and book keeping of accounts.

### **Mr. Gopinath**

Regional Project Manager (RO Hyderabad)

A very lethargic personality, Mr. Gopinath assigns any project jobs and fulfills commitments sincerely. At present as a regional Project Manager he manages Hyderabad office. Under his leadership company expects more and he is ready to attend any challenging jobs.

## A word about financial matters

**Mr. Satish Kuruppath.**  
VP Finance.

In any organization steady growth in business and a sound accounting is essential for developments. HAPBCO with a working style of executing works and developing business as it is in the construction field is unique and different. The working areas are spread in different areas in the country. We assign job works on contract basis and enter in to construction of projects with various clients all over India.

Once the order receives, we mobilize to that area and set up all constructional activities. All matters related to the job are supervised and monitored from the site office. An accounting system also starts functioning from the sites. Overall monitoring of total jobs is from HO.

In order to ease the financial matters HAPBCO introduced own accounting software with a controlling system by HO. HAPBCO arranges all training to the site people from HO and assistance is rendered.

From the initial step of submitting offer, companies' prefer for technical bid as well as Commercial Bid. This makes a clear cut picture of financial matters with the company.

Common statutory matters involved like Service tax, IT matters and labour deployment related matters like PF, ESI, Licenses and Sales tax are covered. Day to day fund transfer and fund utilization and fund arrangements from contract income are met at site itself.

Frequent internal auditing and all purchases of essentials are also covered from HO. The idea of HAPBCO's accounting will be HO centered without hampering the progress of work and making ease for the site peoples on schedules and technical matters are met.

## Overseas Operations Senior Officials

**Mr. K.S. Rao**  
Country Manager

**Mr. M.S. Selvan**  
Engineering Manager

**Mr. S. Sudheesh**  
Operations Manager

**Mr. Subhash Singh**  
Civil HOD

We, MAK- AP BAVA Engineering introducing ourselves, as one of the leading industrial construction company based in GCC which is a joint venture between well known Al-Ghurair family based in UAE and a leading industrial construction company from India.

We MAK- AP BAVA Engineering was established its Middle East operation in 2006 and within these four years, We have successfully executed the various prestigious projects in Middle East in Cement and Steel sectors.

We are possessing of expertise in Managerial, Engineering and skilled work force to execute industrial projects effectively. We have executed sum of the prestigious construction works in this region.

1. Construction of Industrial buildings to a maximum height of 165mtr.
2. Fabrication around 12,000 MT in a single project.
3. Erection of Planned and machinery 25,000 MT in a single project.
4. Civil concerting of 60,000 CUM in a project.
5. Installation and commissioning of complete high voltage and medium voltage electrical sub stations, distribution arrangements, Cable networks with full planned automation.

We are well reputed to handle dewatering, shoring, Water proofing, prestressing, slip from concerting etc...

Our mechanical division capability includes fabrication and erection of structural of buildings of any size and ability to handle erection and commissioning of all types industrial equipment for oil and gas, offshore and onshore pipe lines, cement, steel, paper and power industries.

MAK- AP BAVA have their own fleet of cranes, earths moving equipment, sizeable quantity of scaffolding materials, mechanical tools and tackles along with few of dedicated professionals in all disciplines backed by not less than 1000 skilled labor front to handle any size of industrial project in Middle East.

പി. വി അജയകുമാർ

വേദനയും, യാതനയും, പ്രതിസന്ധിയും  
ഒരുപാട് സാഗ് സഹിച്ചു - പതനത്തെ  
മുന്നോട്ടു നീങ്ങി, തളരാതെ നമ്മേ നയിച്ചു.

ഹൃദയം തകർക്കുന്ന വാർത്തയോ? സാറിനെ  
മരണം വിഴുങ്ങി കഴിഞ്ഞു....

അൻപതിൽ സാഗ് തെളിയിച്ച ദീപം  
എവിടൊക്കെ വെട്ടംതെളിച്ചു

ഒരുനാളുമില്ല മരിക്കില്ല സാറിനെ  
അണയാതെ ദീപവും കാക്കും.

## A.P. Bava Charitable Trust

“The qualities most needed are charity and tolerance, not some form of fanatical faith such as is offered to us by the various rampant isms” Quoted Bertrand Russell. Bava Sahib throughout his life extended whatever he can do to the needy peoples approached him. An exact follower what Holly Quran said “Charity”, is "spending out of what God has given you", means using your energy, talent, resources, money, possessions, or whatever else, to help and do good to those in need”. Many volunteer institutions and persons from all walks of life pronged before him and left with extreme satisfaction.

Medical approach to a remote place like Chaliyam is tedious. The poor people travelled long distance for treatment and diagnosis. Bava Sir started free clinics and medicine in the area. Many people got solace through the clinic.

Now a days Education is very costly and the poor people can hardly approach. Low level income people find it difficult enrolling the students in schools. Deserving brilliant students from low level society are selected and taught in the school. Helping out them Bava Sir started an English Medium Public school up to higher secondary studies in the rural area called Crescent Public School. The school is affiliated to Central Board of Higher Secondary education under the “A.P. Bava Charitable Trust”. The school maintains high standard among the leading schools in the district and produces excellent results.

HAPBCO JOINS HANDS WITH LEADING ELECTRONIC & HOME APPLIANCES BRANDS, AND POPULAR MEDIUM COMMERCIAL AND LIGHT MOTOR VEHICLES IN DEALER SHIP BUSINESS IN MALABAR AREA CONSISTING OF KASARAGOD, KANNUR, KOZHIKODE, WAYANAD AND MALAPPURAM DISTRICTS.
